

# H is for Heart...

Our heart is a very mystery thing that always surprising us...

Why?? ??

Because we can fell all kinds of emotions and feelings inside of it, such as: **love**, **fear**, **compasion**, and all kind of emotions you can imagen. Everything start up inside of our heart...

It is thuth...

I know it is thuth because I had had very confusing feelings in my heart in moments of much pain and illness, but I learned something, I do not allow that fear and hopeless invade my heart, by the way, I always tray to fill it of love because with love in our heart we can go through anything in our lifes.

**P.S.** **love** anyone with all your heart, in the same way that you will wish they would **love** you.
