We extend our appreciation to you our friends for joining us here this morning to honor our departed Veterans and loved ones. "Thank You" to everyone who participated in any way in this program.

If you have not already stopped by and looked at the Poppy Posters created by the 5th grade class, please do so. The students have put a lot of thought into making them.

Please support the American Legion Auxiliary at their dinner following the program at the Legion Post one block east of the Auditorium. Freewill donations accepted. Have safe travels.
